Our Story

David Mallett, *Founder & Managing Director*

Yari Supply is Indigenous and veteran-owned. Backed by Detmold's strength in manufacturing and logistics, we deliver high-quality, Australian-made and globally sourced products—helping businesses operate with confidence and reliability.

Founded by **David Mallett**, an Indigenous and veteran business leader, Yari Supply is built on values of **integrity, transparency, and community impact**, creating meaningful career and development opportunities for First Nations people.

Through our partnership with **Detmold Ventures**, we offer world-class manufacturing and logistics solutions. With over **70 years of expertise in sustainable packaging**, Detmold brings decades of experience in **high-quality manufacturing and product innovation**.

Together, we combine deep industry expertise with a **purpose-led mission—giving back and putting people first**.

'Yari' means to enquire....

.....to ask of another the question of 'what?', or 'when?'...

David Mallett, *Founder & Managing Director*,
Jynaya Smith, *Artist*, Zoe Detmold, *Detmold Ventures*

We use the word 'supply' as a verb in our name, rather than a noun.

To supply, and to be trusted to supply, is something we do. It is a word of action. It is the 'what' and the 'when' that drives us, everyday.

Our Founder, David Mallett is a proud Aboriginal man of the Ngarrindjeri mob, and a person of curiosity who is always asking questions and seeking to understand.

Indigenous Design

Through Yari Supply's partnerships with Indigenous artists, we can incorporate existing artwork or commission a custom piece to suit your needs and have it professionally applied across a wide range of products. Alternatively, refer your own Indigenous artist and collaborate on a unique design that can be printed on your chosen products.

Shared Horizons (Jynaya Smith, 2025)

Access our '**Shared Horizons**' range of products, inspired by our original painting of the same name by Jynaya Smith.

PPE (Personal Protective Equipment)

- High quality, protective masks & respirators providing safety
- Manufactured in Australia
- Certified to meet Australian and International standards

P2 Valve Respirator

Protect yourself from harmful airborne particles with the **P2 Valve Respirator**. This single-use respirator provides Class P2 protection, making it ideal for use in a variety of environments.

P2 Filtration Efficiency – Filters out fine particles, dust, & aerosols

Exhalation Valve – Reduces heat & moisture build-up for all-day comfort

Ergonomic Fit – Soft nose bridge & adjustable straps for secure seal

Suitable to use in industrial environments, travel, farming, dusty environments, smoke pollution & backyard blitz.

Exhalation Valve

The valve minimises breathing resistance and quickly expels exhaled air, making breathing easier and more comfortable.

P2 Particulate Tri-Panel Respirator

The **P2 Particulate Tri-Panel Respirator** offers Class 2 Protection for use against mechanically and thermally generated particulates (dust, mists & fumes).

- + Sturdy spacious Tri-Panel shape reduces the need for adjustments & improves breathability
- + Individually wrapped lightweight flat-fold design offering extra hygiene, easy storage & handling
- + Compatible with a variety of eyewear

Suitable for use in:

- | | | |
|---------------------|---------------------------|----------------------|
| + Healthcare | + Industrial Environments | + Dusty Environments |
| + Clinical Settings | + Farming | + Smoke Pollution |
| + Travel | + General Public | + Allergens/Pollen |

Available options:

Headbands

Individually wrapped

P2 D95 Respirator - FitClip

The **P2 D95 Particulate Respirator** offers Class 2 Protection for use against mechanically and thermally generated particulates (dust, mists & fumes).

- + Convex shape, available in various sizes for comfortable fit & increased safety
- + Available in sizes XS to XL for best fit
- + Knitted headbands are skin-friendly & well tolerated

Suitable for use in:

- | | | |
|--------------|----------------------|-------------------|
| + Healthcare | + General Public | + Events |
| + Beauty | + Smoke Pollution | + Back Yard Blitz |
| + Travel | + Dusty Environments | |

P2 N95 Medical Tri-Panel Respirator

The **P2 N95 Medical Tri-Panel** is a single-use, non-sterile respirator for use where particulate filtration efficiency is required. The respirator allows a very close facial fit offering highly efficient filtration of airborne non-oil based airborne particles.

- + Sturdy spacious Tri-Panel shape reduces the need for adjustments & improves comfort
- + Extremely comfortable one-size-fits-most design, for easy choice & reduced inventory
- + Flat-fold design for easy storage & handling

Suitable for use in:

- | | | |
|---------------------|--------------|-------------|
| + Infection Control | + Radiology | + Aged care |
| + Patient Care | + GPs | + Beauty |
| + Hospitals | + Veterinary | + Travel |

Level 3 N95 Surgical Tri-Panel Respirator

The **Level 3 N95 Surgical Tri-Panel** is a single-use, non-sterile respirator for use where particulate filtration efficiency is required. The respirator allows a very close facial fit offering highly efficient filtration of non-oil based airborne particles and the highest level of blood & fluid splash resistance (APF 10).

- + Sturdy spacious Tri-Panel shape, reduces the need for adjustments & improves comfort
- + Extremely comfortable one-size-fits-most design, for easy choice & reduced inventory
- + Flat-fold design for easy storage & handling

Suitable for use in:

- | | | |
|-----------------------------------|---------------------|---------------|
| + Health Care & Hospital Settings | + Infection Control | + Day Surgery |
| + Operating Theatres | + Oncology | + Aged care |
| + Emergency | + Haematology | + Dental Care |

Level 3 N95 Surgical Respirator - Head band and FitClip™

The **Level 3 N95 Surgical Mask** is a single-use, non-sterile respirator for use where particulate filtration efficiency is required. The respirator allows a very close facial fit offering highly efficient filtration of airborne non-oil based airborne particles and the highest level of blood & fluid splash resistance (APF 10).

- + Available in sizes XS to XL for best fit
- + Headbands in various lengths with FitClip™ for convenience & optimal fit offering ultimate protection
- + Knitted headbands are skin-friendly and well tolerated

Suitable for use in:

- | | |
|-----------------------------------|---------------------|
| + Health Care & Hospital Settings | + Infection Control |
| + Operating Theatres | + Oncology |
| + Emergency | + Haematology |

Level 3 Surgical Mask

The **Level 3 Surgical Mask** is a single-use, non-sterile, surgical barrier mask ideal for procedures in which there is a high risk of fluid exposure (splashes/sprays). Extra protection of a Visor is available as an option.

- + Latex Free materials to minimise skin irritations & allergic reactions
- + Ear Loop & Tie options to cater for personal preferences
- + Anti-fog face shield visor mask version for extra protection & convenience

Suitable for use in:

- + Frontline & Allied Healthcare (Professionals & Clinical)
- + Dental/Medical Procedures
- + Operating Rooms
- + High Risk Environments

Head Tie

Anti-fog Visor

Ear Loop

Level 2 Medical Mask

The **Level 2 Medical Procedure Mask** is a single-use, non-sterile medical mask offering moderate barrier protection from fluid exposure (splashes/sprays).

- + Three layers of lightweight material offering very high protection, safety, & comfort
- + Latex-free materials to minimise skin irritations & allergic reactions
- + Ear Loop & Tie options to cater for personal preferences

Suitable for use in:

- | | | |
|---------------|---------------------------|----------------------------|
| + Hospitals | + Veterinary | + Patient Care & Isolation |
| + Day Surgery | + Aged Care | |
| + Dental | + Lower risk environments | |

Testing Standards

We operate to Quality Management System ISO: 13845. All Detmold Medical Respirators are designed to meet Australian conditions, comply with International specifications, and achieve high performance for filtration of sub-micron particles exceeding the 94% and 95% requirements of the AS, NIOSH, and ISO standards, whilst maintaining a benchmark **low resistance** for breathing. Differential Pressure is the breathability and comfort indicator, which is measured whilst the respirator is worn by determining the difference of pressure across the mask under specific conditions of airflow, temperature, and humidity.

Cartons & Trays

Endura Range

The Endura Range is made with sturdy, fluted board, making it ideal for foods such as nachos, wedges, chicken, salads and dumplings. All Endura Boxes feature vent holes to keep foods crispy.

Note: If using the Endura Range with greasy or wet foods, it is recommended to use a liner.

Eco-Products® Sugarcane Clams

Vanguard from Eco-Products® Sugarcane Clams are sturdy and ideal for use with hot, cold and greasy foods. The sugarcane retains temperature but is breathable, keeping foods hot and crispy. These clams are fridge, freezer and microwave safe, and ovenable for up to 220°C for 20 minutes. We recommend oven testing to ensure suitability for your own operating conditions.

A photograph of three people (two women and one man) smiling and sitting at a white table in a bright, modern office or kitchen setting. The table is set with various food items, including a red cup with a logo, a white cup, a plate, and some containers. Large windows with blinds are in the background, and a wooden shelf with plants is visible on the right. The YARI SUPPLY logo is overlaid in the top right corner.
